Avg Monthly Income

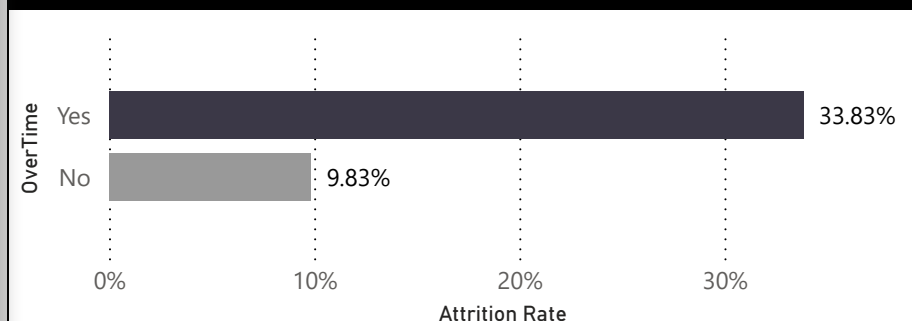

Key Insights

- Overtime staff leave 3.4x more often (**33.8% vs 9.8%**)
- Low job satisfaction nearly doubles attrition
- New hires (**0-2 yrs**) are highest risk at **20.3%**
- R&D has the highest attrition rate
- Employees who left earned less on average (**\$6.2K vs \$6.7K**) (pay is a secondary attrition driver).

Recommendations

- Reduce overtime burden in R&D and Sales
- Strengthen onboarding for new hires
- Review and adjust pay for at-risk roles to reduce attrition.
- Provide better facilities and support to enhance job satisfaction.
